"We do what we love and we love to build extraordinary staircases" Siller is a family run business since 1958

TWISTED STAIRS

THE TIP OF LUXURY

The 22Carat design is combining a number of outstanding elements. Sloped curved glass balustrades, brass posts and a fiber glass bottom, only to mention a few.

The way we build stairs gives you almost entire liberty about the shape and the finishes

22 CARAT

"We do what we love and we love to build extraordinary staircases" Siller is a family run business since 1958

TORNADO FRANKFURT

TURN AND TURN

A SILLER classic, the TORNADO design
with seamless white finish and
wooden treads.

Give your home a sculptural element with
a TORNADO staircase design by SILLER

TORNADO FRANKFURT

"We do what we love and we love to build extraordinary staircases" Siller is a family run business since 1958

BULKY STAIR COBRA

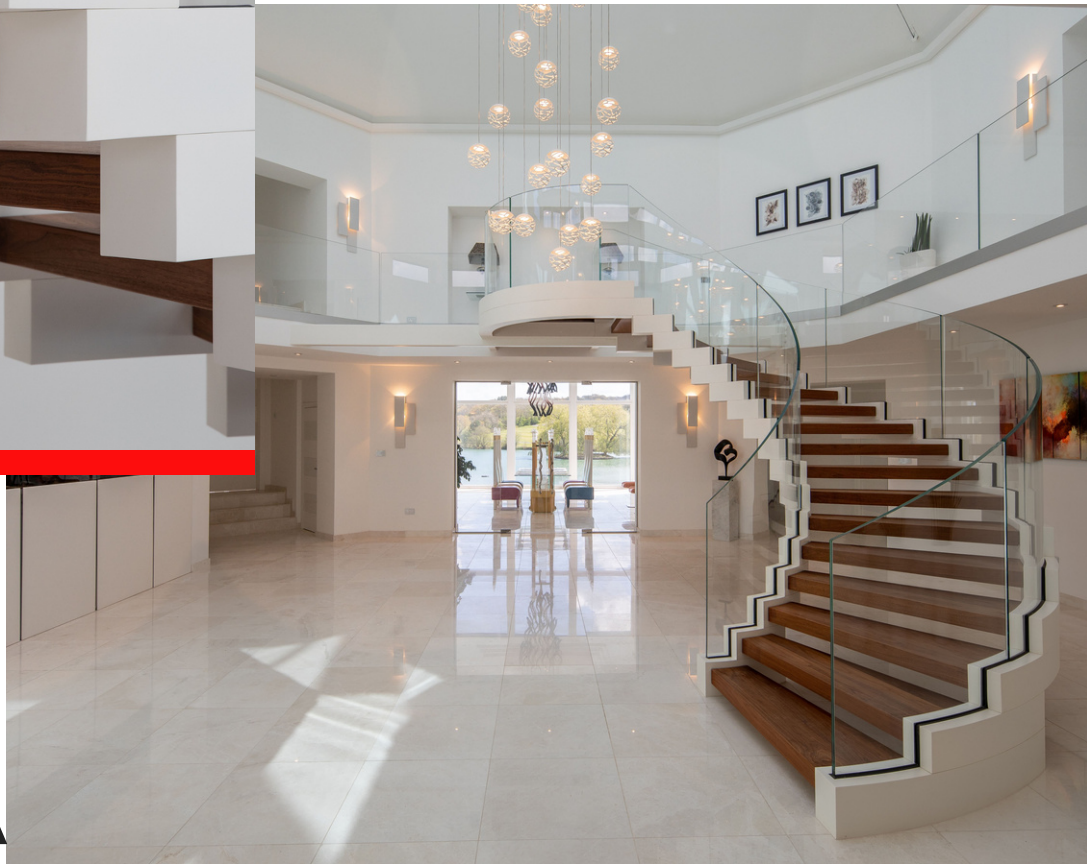

MAKE A STATEMENT

Limitless finishes of the stringers and the treads are possible. Most classic is the combination of white painted stringers and dark wall nut treads.

The bulky stringer staircase COBRA is the ideal choice for large foyers. It makes quite a statement and impresses your visitors, that is for sure!

COBRA

Stairs with Italian design and German quality craftsmanship - this
is SILLER Stairs - serving clients around the world

Helical stair **ATHERTON**

WOOD VENEER

Creating sculptural stair designs is an art which we aim to perfect.

Helical staircases in wood just radiate warmth and nature

CURVED CORIAN

Stairs with Italian design and German quality craftsmanship for
clients around the world

MONOLYTHIC

CREATING NEW THINGS

This amazing staircase contains an innovative steel structure which is in segments and works for high rise buildings and sites with difficult access.

The under side of the staircase has a 3D shape. Our system provides the upmost flexibility in creating amazing shapes and guarantees limitless design and a long lasting quality.

MONOLITHIC DESIGN

TORNADO

Stairs connect living spaces ... in a traditional wooden house just as much as in a prestigious Villa or office building.

GENTLY FLY UPWARDS

Even for small spaces you can create something extraordinary.

Lighting in the nose of the treads provides a final touch of exclusivity. Give it a cozy atmosphere with warm white light.

TORNADO ORIGINAL

You cannot only see stairs but also sense, hear and feel them.
Even on the first step you notice whether you are walking comfortably

COBRA WHITE

IS THAT POSSIBLE?

The COBRA design with the flaired entrance invites you to step up the stairs and just try it out.

It is more than living. Make your home and adventure.

COBRA WHITE

You cannot only see stairs but also sense, hear and feel them.
Even on the first step you notice wheather you are walking comfortably

HELICAL WOOD

REDUCING ELEGANCE

Make it simple but look good with
Siller Stairs. Helical wood stringer
staircase with glass railing, an all time
classic.

Sometimes it does not take much to get a
lot.

HELICAL WOOD

Latest technology and creative thinking helps us to create amazing designs and transform stairs into a piece of art.

COBRA GOLD

JUST GOLD

Brushed stainless steel stringers and the leave gold treads gives this design a unique exclusivity.

Handcraft at its limits. This is a real artwork. The treads are finished with gold leaf, which has been applied in handwork.

COBRA GOLD

SILLER is a stair builder with love for attention to detail
Whether wood, steel or glass, we get the best out of it

ZIG ZAG HELICAL

AND ANOTHER!

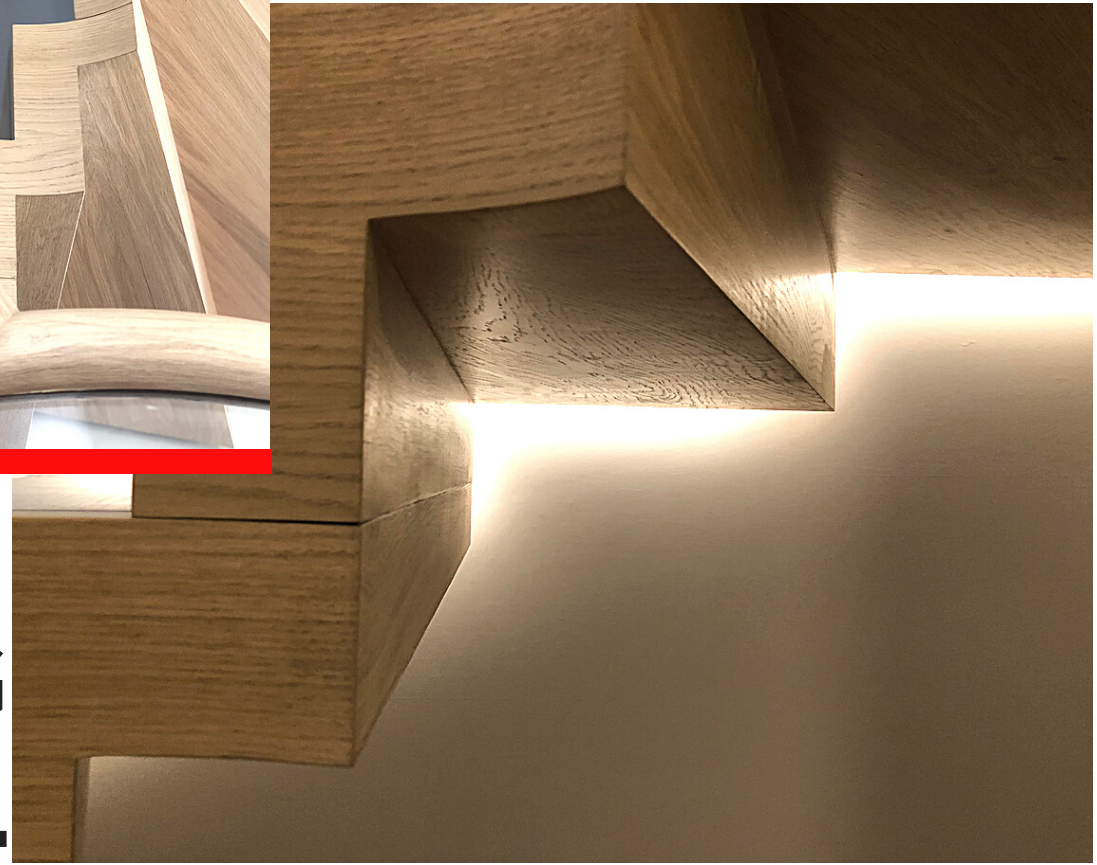

The custom made turned Zig Zag design fits in almost every space. With a well thought layout you get the most of confortability out of the space.

Curved wooden handrail and the LED lights between the stair and the wall round up the design and make it special.

ZIG ZAG HELICAL

SILLER is a stair builder with love for attention to detail
Whether wood, steel or glass, we get the best out of it

TORNADO SPIRAL

MAKE IT TRANSPARENT

Get the feature of the turned spindle
but without the bulky look with our
TORNADO SPIRAL.

Open treads let the light through and give
it transparency.

TORNADO SPIRAL

Gently floating upwards...
Building glass stairs is a challenge for fabricators and designers, but one we like.

FLY MINI

INDUSTRIAL LOOKS

The FLY MINI has an industrial look.
Innovative techniques helps to creat
this amazing feature stair.

Choose between glass or wooden treads.

FLY MINI

Building glass stairs is a challenge for fabricators and designers, but one we like.

COBRA BRONZE

THE COBRA

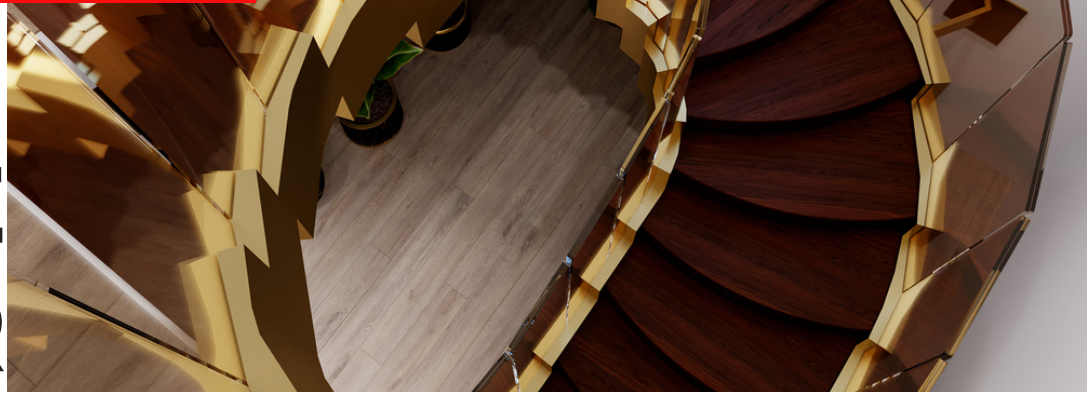

With a choice of different finishes and materials you can create totally different looks of the same design.

Stucco, concrete, plaster, painting, everything is possible.

BRONZE
SILVER

Gently floating upwards...
Building glass stairs is a challenge for fabricators and designers, but one we like.

SCIRIA CLARITY

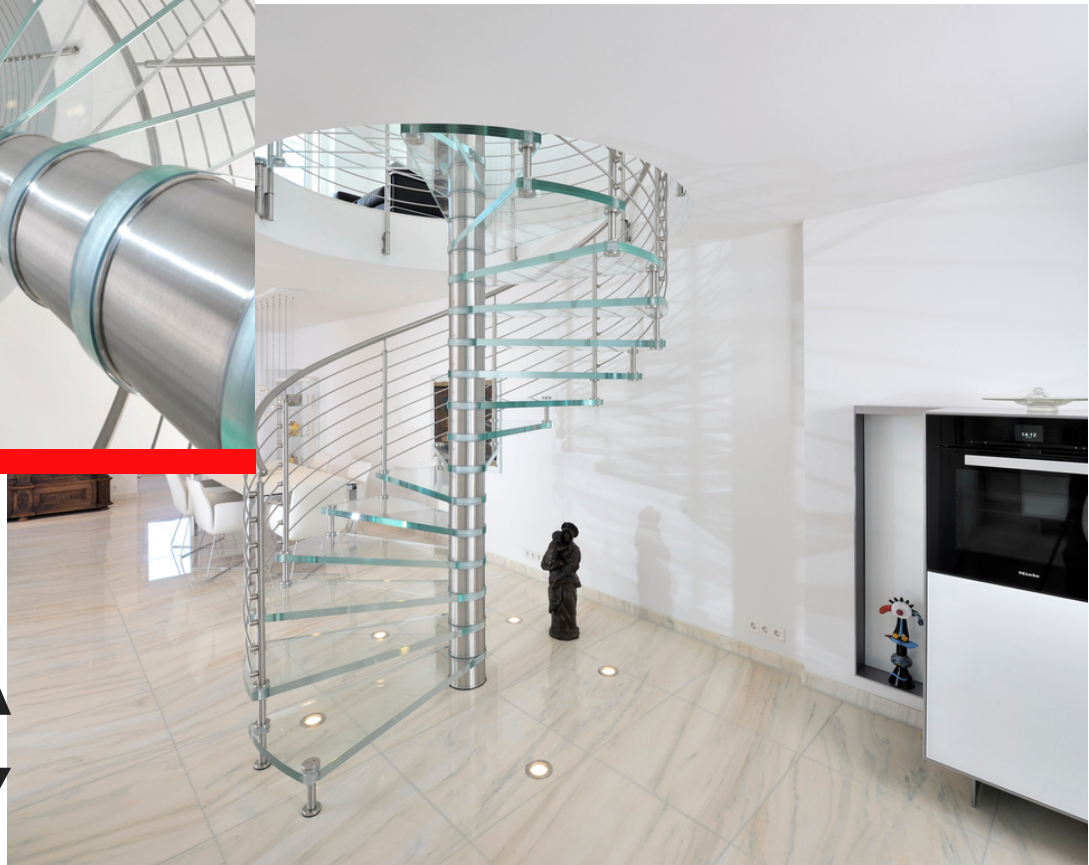

OLD BUT NOT OUTDATED

A classical spiral staircase with central post and glass treads.

Sometimes the simple things make a difference.
